NEWSLETTER JUNE 2017

1. Workshop about bad effects of drugs, Tobacco and alcohol in Liceul Bratianu (Dragasani)

In June we started workshop about negative effects of tobacco, alcohol and drugs. Workshop took place in Dragasani, at Liceul Bratianu, inside festivity room. We had approximately 25 participant.

The goal of workshop was to make more clear for young people all the negative side of addiction. We showed students some examples how tobacco, alcohol and drugs changed life of people in a negative way.

After this we separate them in 3 different teams: drugs, alcohol and tobacco and asked them to write all positive and negative effects of them and also think about reasons why people start to smoke or drink. After each group had small presentation, they compared both side of addiction and they tried to find out way how not to smoke, drink and use drugs and except this do another things like run, go to gym etc.
