

NEWSLETTER MARCH 2017

1. First days in Romania and meeting in the group

In the beginning of our project we had one week to meet each person for our project (mentors, coordinators, volunteers) and for know more about our roll in the EVS project.

In our first week also we created the logo in paper after this we created in Photoshop. We realized our profile and we putted in our Facebook page. We already had Facebook page and we had to make webside our mentor helped us for make webside and dessign. After we collected all our photos and information about our presentations for put on our webside.

2. Visiting the Museum of Wine in Dragasani

In the second week in Romania and after we know a bit more about Dragasani, the place where we will be for the next one year, we went all together with our mentors and local people to the museum of Dragasani, and like this we can know more about all the customs from this region, and we also tasted some traditional food and also the wine that is genuinely popular in this county.

3. Starting Romanian lessons

In our second week we started Romanian lessons and for us was really useful because we take a nice level of Romanian language in just a couple of weeks, and for us was great because like this we start to communicated alone in a beginner level. We also did activities to get know each other more.

4. Writing and recording our presentation

We were recording our video presentation about our project and about ourselves and we used this video in all our presentations for that month (Ramnicu Valcea, Dragasani).

Besides we went to Ramnicu Valcea to make our presentation with more volunteers, we met another interesting projects and after this we went to visit the city (museum, zoo, parks, churches) and we had a wonderful day.
